Llama, Girl, and the Sunriseflower

Story by

Greg Clay

Illustrations by

Andrea Bures

Best friends Llama and Girl share a life of magic, wonder, and adventure. Together they spend their days racing clouds, singing to the Grumblewhump, watching sunrises, and tending to their garden. They do everything together. But when Girl gets sick, how will Llama spend the day without her?

About the Author

As a professional copywriter, **Greg** writes a lot! But his day-to-day writing is more business-y and less llama-y. He spends his free time with his family exploring wild spaces, watching the clouds and stars, sitting quietly by the fire, and getting lost (and found) in his imagination. *Llama, Girl, and the Sunriseflower* is his first children's book, and he hopes you like it!

About the Illustrator

Once upon a time, a girl named **Andrea Bures** began making quirky greeting cards for family and friends. Eventually, this blossomed into selling her work at markets, creating commissioned paintings, and illustrating her first children's picture book, *Llama, Girl, and the Sunriseflower*.

Inspired by different forms of art, nature, and the ordinary-yet-magical moments of daily life, Andrea enjoys exercising her imagination regularly and infusing whimsy into her creations. One day she would love to come across a sunriseflower on a meandering walk and be invited to a secret llama dance party.
