## THE KING OF THE STARS

In the land of Kama, the stars are magical and constellations determine the future. Stars can even grant a person the power of astromy, enabling them to manipulate elements of nature. However, only one person is destined to be king. But of course, not everyone believes in the stars, and dark forces lurk with their own plans for the world.

Brian, the teenage son of a legendary warrior, is fated to possess the gift of earth astromy, but he can barely lift a rock. With a villainous overlord ruling the town, Brian needs to develop his skills—and quickly. But then a strange boy appears in the woods, and Brian has the feeling there's more to this kid than meets the eye.
